

# BIOPHARMACEUTICAL SUPPLY COMPANY

## TUBING CLAMP

### AVIENT SOLUTION

Trilliant™ HC 8910 Glass-Filled Polyketone  
Thermoplastics

### WHY AVIENT

- Delivered a comparable alternative to nylons during supply shortages, resulting in rugged performance and a lower carbon footprint
- Provided improved chemical resistance to nylon clamps to withstand repeated cleanings from harsh disinfectants
- Offered a global manufacturing footprint to support future expansion of the end products to markets outside the Americas

### LEARN MORE

### KEY REQUIREMENTS

- High impact and wear resistance
- Low moisture uptake
- Comparable dimensional stability to nylon
- Eco-conscious alternative to PA66 and PA6
