SOLUCIÓN AVIENT

OnFlex™ S EH 80A-3S7005

WHY AVIENT?

- Permitted a simpler processing than the existing TPE-V
- The pre-drying step was eliminated and the material was delivered pre-colored, which improved the efficiency of the process
- Complies with the requirements of low FOG (≤ 2 mg) and low odor (≤ 3.0), with a semi-matte finish

MÁS INFORMACIÓN
